- Employee Benefits
- Employee Stock Ownership Plans (ESOPs)

Education:

- J.D., *cum laude*, University of Wisconsin Law School
- B.A., *with distinction*, University of Wisconsin – Madison

Admissions:

- Wisconsin

Tim is the President & Managing Partner of DeWitt. In addition to guiding DeWitt, he also has an active practice guiding clients through employee benefits (ERISA) and [employee stock ownership plans \(ESOPs\)](#). Tim understands that employers need to continually work to ensure their employee benefit plans are accurate, up-to-date and being administered in a manner compliant with ERISA and the Internal Revenue Code. Sometimes, that includes helping fix qualified retirement plan problems using the IRS's Employee Plans Compliance Resolution System (EPCRS). From his office in Milwaukee, Tim also helps businesses around the United States establish and maintain ESOPs. In addition, Tim is the co-author of the DeWitt [ESOP News Feed](#).

In addition to his extensive ESOP practice, he regularly works with other retirement plans and the many facets associated with those plans. Examples include:

- 401(k), profit sharing
- Traditional defined benefit pension plans
- Plan document compliance
- Fiduciary issues
- Prohibited transactions
- IRS filings (such as Voluntary Correction Program (VCP) applications)

On the health and welfare plan side, Tim counsels employers on complex legal matters involving:

- COBRA
- HIPAA (portability, privacy and security)
- Health care reform
- Subrogation issues
- Code Section 125 Plans / HRAs / HSAs
- Wellness plans

ESOP Board Development Service

The Department of Labor now normally requires new ESOPS to have boards with a majority of independent directors. Tim has been working with Derrick Van Mell ([Center for Management Terms and Practices](#)) to help new and existing ESOPS create excellent boards. A high-functioning board supports the CEO in making far-sighted and successful decisions, working through crises and finding new opportunities. A dysfunctional board is a drain and distraction. Tim and Derrick help ESOPS recruit the right mix of talent and temperament to their boards and coach them on running great meetings. This affiliation provides us a great pool of top-notch, experienced directors.

- Former contributing editor to Guide to the Family and Medical Leave Act, published by the American Bar Association.

Client Recommendations

“Five Star Rating! We are 100% employee-owned company and have worked with Tim Stewart because he has proven himself to be professional and resourceful when it comes to problem solving, especially with issues related to the complexities of an ESOP company. He is also genuine, trustworthy and has excellent follow up. I personally was part of a panel of speakers who spoke with Tim at the Midwest ESOP Convention in Milwaukee and he had the ability to grab the audience's attention with his creative connection and could easily adapt his message to match the audience. If you are looking for ESOP 101 information or more complex answers to ESOP questions, Tim is your expert!” – *Lisa S. Reardon, CEO & Chairman, [OwnersEdge, Inc.](#)*

“One Source worked closely with Tim Stewart to form our ESOP Trust and draft all the relevant documents in 2014. Then in July of 2015 as we got ready to close, Tim worked tirelessly accumulating the massive piles of documentation required to get the transaction done. He successfully quarterbacked a closing process that involved over a dozen lawyers and bankers, as well as the Trustee. Getting this deal closed took a huge effort by all involved and Tim's guidance and expertise was invaluable. He is easy to work with and takes a very practical approach to achieving the goal. FIVE STAR RATING!” – *William A. Irvine, CFO, [One Source Equipment Rentals, Inc.](#)*

“Tim Stewart has been our ESOP attorney for five years. We initially hired him because of his deep technical expertise on ESOP plan design and administration. We were very impressed by Tim's knowledge when we saw him speak and networked with him at ESOP Association events. He is passionate about employee ownership and is also well versed on the softer side of running an ESOP such as building an ownership culture and communicating the value of ESOPS with employees. Once we started working with Tim, we quickly realized his value as a business attorney, not just an ESOP attorney. We now use him for all our legal needs. Tim has become one of our most trusted business advisors. We really appreciate Tim's practical approach and his ability to explain complicated ESOP or other legal issues in a simple, understandable manner. His advice is based on common sense and he always helps us arrive at the right decision. We really enjoy working with Tim and highly recommend him to other ESOP companies.” – *Brian T. Baker, President, CEO and ESOP Trustee, Sentry Equipment Corp.*

Clients

Tim works with companies of all sizes, in several industries including community banks, manufacturing, distribution, construction and transportation. A sample of the clients he currently represents includes: [ABC Supply, Inc.](#), [Weather Shield Manufacturing, Inc.](#), [Diversified Benefit Services](#), [Realityworks, Inc.](#), [OwnersEdge Inc.](#), and [Sentry Equipment Corp.](#)

Honors

- UPAF NextGen Volunteer of the Year – 2018
- 2018 Finalist for Corporate Volunteer of the Year – BizTimes Non-Profit Excellence Awards
- Ray and Ethel Brown Award for Character and Leadership – University of Wisconsin Law School

Notable Representations

- With the firm's ESOP practice now including more than 100 ESOP company clients, such work is becoming an ever-increasing component of Tim's practice. With such ample experience, Tim helps business owners evaluate whether an ESOP is right from them. For more information on ESOPS, [click here](#).
- Tim has ably assisted employers in developing retirement plans that allow business owners to save more money for retirement.
- In addition, he has helped several employer clients provide executive compensation strategies, such as phantom stock benefits and stock appreciation rights, to reward long-term management employees.
